

Supporting Communities

Dec 13, 2011

Nepal SBI Bank regards Corporate Social Responsibility (CSR) as an investment in society and its own future. As a responsible corporate citizen, Corporate Social Responsibility is an integral part of the way we do business. Our foremost social responsibility is to be competitive nationally and internationally, to earn profits and to grow as a company. We believe in giving back to the society by taking initiatives with the intent to positively affect our stake holders, which include our customers, sponsors, partners, employees, as well as our communities.

Even in difficult economic conditions, we have shown an unwavering commitment to our role as a corporate citizen. That is why we once again invested in CSR related-programs and projects within our three areas of activity: Social Service, Education and Sports, and Conservation of natural environment.

Social Service

Nepal SBI Bank has always tried to lend a helping hand to those who are less fortunate and in need of assistance. The Bank actively works with and/or supports various charities that work for the welfare of the society.

Education and Sports

In order to fulfill our CSR objectives, we attempt to promote public interest by encouraging community growth and development through sponsoring sporting events and supporting educational activities.

Environment Conservation

The Bank believes in the cause of a better environment and continually sponsors tree plantations, flower festivals as well as other beautification projects for a greener and cleaner Country.
